

Apparel

At Fleet Feet Sports we believe that the fit and function of apparel is what makes you feel more comfortable running or walking. Just as everyone's feet are different, everyone's body type and what they like to wear is going to vary widely. We carry a range of apparel options that focus on performance, moisture management, comfort and of course style. Our current apparel mix includes apparel that will work for running, walking, triathlon, going to the gym, yoga, Pilates and lifestyle clothing (the after-workout items that are incredibly comfortable). Some of the brands we carry include: Asics, Brooks, Champion, Pearl Izumi, Moving Comfort, New Balance, Under Armour, Saucony, SkirtSports and Sugoi.
